1. open CHEMSTATION 1 offline
Start → all programs → Chemstation → Chemstation 1 OFFLINE

2. Open your files
You data is stored: c:hpchem\1\data\chem314

3. Save an image copy of the signals
Then open paint and paste your image into the window and save it.
4. Integrate current chromatograms

5. Ready a specific signal for export.

6. Export a file as a .csv

Paste data into notepad and save.
Do this for each signal on each spectrum.
